DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 2 and 3 are rejected under 35 U.S.C. 102(b) as being anticipated by Thomas 5222491.

3. Thomas teaches a resuscitator with a variable output air flow rate, having a cylindrical bellows including a latitudinal dimension and a longitudinal dimension, the bellows configured to contract latitudinally along the longitudinal dimension, the resuscitator comprising: output air volume control means for adjusting permissible extent of latitudinal contraction (col. 3, lines 34-47); and wherein output air flow rate of the resuscitator increases as the bellow is latitudinally contracted uniformly along the longitudinal dimension (col. 3, lines 48-61).

Allowable Subject Matter

4. Claims 4-6 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Terminal Disclaimer

5. The terminal disclaimer filed on 4 December 2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the

expiration date of 7121278 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
